# Project Design Canvas

Country:

Date:

## Problem & Opportunity Identification

- What is the targeted problem, system and the root causes/drivers of the problem to be addressed?
- What is the current baseline and government's priorities to address the relevant environmental and socio-economic problems?
- What are the relevant multilateral environmental agreements and relevant government's commitments related to the topic?

## Target Geography

- Where will the program take place (regions, ecosystems, landscapes, cities)?
- Why were these locations selected?
- What are the characteristics of these areas?

## Proposed Interventions and Rationale for the Approach

- What are the project objectives and key interventions to achieving the project objectives goals?
- How will these activities address the root causes of environmental degradation?
- Do these interventions adopt an integrated approach and consider policy coherence? If yes, please describe.
- How will the project design ensure durable and long-term benefits?

## Risks & Mitigation

- What are the three key potential risks to consider? (e.g. climate, political, environmental, financial, governance, technology, etc).
- How will these risks be mitigated?

## Target Beneficiaries & Stakeholders

- Who are the key beneficiaries and how do they benefit?
- How will gender equality be advanced and local communities be involved meaningfully?
- Which government agency(ies) are best suited to lead the initiative and why?
- Which stakeholders must be engaged in planning and implementation? (National and sub-national Government, Civil society/NGO/local actors, Research institutions, Communities, Private sector, etc.)

## Partnerships & Collaborations

- Who are the key partners and what resources and expertise will they bring to the project?
- How will the project leverage expertise and financing from the private sector and other sources?
- What mechanisms will be adopted to strengthen and expand collaborations to achieve successful and sustainable outcomes? E.g. platforms, working groups, advisory committees, MoUs, etc.

## Outcomes & Impact

- How does the project contribute to GEF core indicator targets for climate change, biodiversity, land restoration, chemicals & waste reduction, and international waters?
- What are the socio-economic co-benefits (livelihood enhancement, jobs, women empowerment, youth engagement, etc.)?
- How will success be measured?

# Canvas de conception de projet

Pays:

Date:

## Définition des problèmes et des opportunités

- Quel est le problème ciblé, le système concerné et les causes profondes/facteurs déterminants du problème à traiter ?
- Quelle est la situation de référence actuelle et quelles sont les priorités du gouvernement pour répondre aux problèmes environnementaux et socio-économiques pertinents ?
- Quels sont les accords multilatéraux sur l'environnement pertinents ainsi que les engagements du gouvernement liés au thème concerné ?

## Zones géographiques ciblées

- Où le programme sera-t-il mis en œuvre (régions, écosystèmes, paysages, villes) ?
- Pourquoi ces zones ont-elles été sélectionnées ?
- Quelles sont les caractéristiques de ces zones ?

## Interventions proposées et justification de l'approche

- Quels sont les objectifs du projet et les principales interventions prévues pour atteindre ces objectifs ?
- Comment ces activités permettront-elles de s'attaquer aux causes profondes de la dégradation environnementale ?
- Ces interventions adoptent-elles une approche intégrée et tiennent-elles compte de la cohérence des politiques ? Si oui, veuillez préciser.
- Comment la conception du projet garantira-t-elle des bénéfices durables et à long terme

## Risques et mesures d'atténuation

- Quels sont les trois principaux risques potentiels à prendre en compte (par exemple : climatiques, politiques, environnementaux, financiers, liés à la gouvernance, technologiques, etc.) ?
- Comment ces risques seront-ils atténués ?

## Bénéficiaires et parties prenantes ciblés

- Qui sont les principaux bénéficiaires et comment bénéficieront-ils du projet ?
- Comment l'égalité des genres sera-t-elle promue et comment les communautés locales seront-elles associées de manière significative ?
- Quelle(s) agence(s) gouvernementale(s) est/sont la/les mieux placée(s) pour diriger l'initiative et pourquoi ?
- Quels acteurs doivent être impliqués dans la planification et la mise en œuvre (gouvernements national et infranationaux, société civile/ONG/acteurs locaux, institutions de recherche, communautés, secteur privé, etc.) ?

## Partenariats et collaborations

- Qui sont les principaux partenaires et quelles ressources et expertises apporteront-ils au projet ?
- Comment le projet mobilisera-t-il l'expertise et les financements du secteur privé et d'autres sources ?
- Quels mécanismes seront adoptés pour renforcer et élargir les collaborations afin d'assurer des résultats réussis et durables (par exemple : plateformes, groupes de travail, comités consultatifs, protocoles d'accord, etc.) ?

## Résultats et impact

- Comment le projet contribue-t-il aux cibles des indicateurs fondamentaux du GEF en matière de changement climatique, de biodiversité, de restauration des terres, de réduction des produits chimiques et des déchets, et d'eaux internationales ?
- Quels sont les co-bénéfices socio-économiques (amélioration des moyens de subsistance, création d'emplois, autonomisation des femmes, engagement des jeunes, etc.) ?
- Comment le succès sera-t-il mesuré ?

# GEF TOOLS FOR OFPS

INVESTING IN OUR PLANET

# GEF Portal

## A Centralized IT System for Partnership Work

### Three main areas

- **Project Review & Approval** – Submission, review, and approval of proposals.
- **Project Implementation** – Access to project information and reports.
- **Portfolio Management** – Centralized access to project data and reports.

#### Tailored Access for Multiple Users

- Secretariat, Agencies, OFPs, STAP, IEO, Convention Secretariats, Council.
- **Registration Required** – WB ITS available for support.

### Key Features

- **Aligned with GEF-8 Strategy** – Ensuring quality at entry & streamlined processes.
- **Comprehensive Project Information** – Reports & fingertip access to the portfolio.
- **User-Friendly Navigation**
  - Drop-down menus for documents (PIFs, PFDs, PIRs, Review Sheets, etc.).
  - Search & filter tools for easy access.
  - Reporting features for up-to-date project insights.

# Country Factsheets

GEF Country Factsheet

GEF\_Factsheet-Indonesia.pdf | 1 / 18 | 58%

## COUNTRY FACTSHEET INDONESIA

Up to date as of December 02, 2022

### Country Focal Points

Operational Focal Point	Political Focal Point
<b>Ms. Ibu Laksmi DHEWANTHI</b> Senior Advisor to the Minister on Industry and International Trade Ministry of Environment and Forestry	<b>Mr. Raden Wira Kartono</b> Counsellor-Economic Affairs The Embassy of Republic of Indonesia

### GEF-8 Allocations and Commitments

Indonesia has utilized 0 percent of its STAR resources and has \$103.6 million available for use out of its \$103.6 million allocation. This utilization rate is lower than the average of GEF countries standing at 0.8 percent.

#### Utilization of STAR resources

Each dot represents the share of allocated STAR resources utilized by country.

Utilization of resources in \$m by focal area.

Type (\$m)	Resources	Approved	Allocation
Chemicals and Waste	--	--	--
International Waters	--	--	--
Impact Program Incentive	--	--	--
Enabling Activity	--	--	--

#### Additional GEF resources

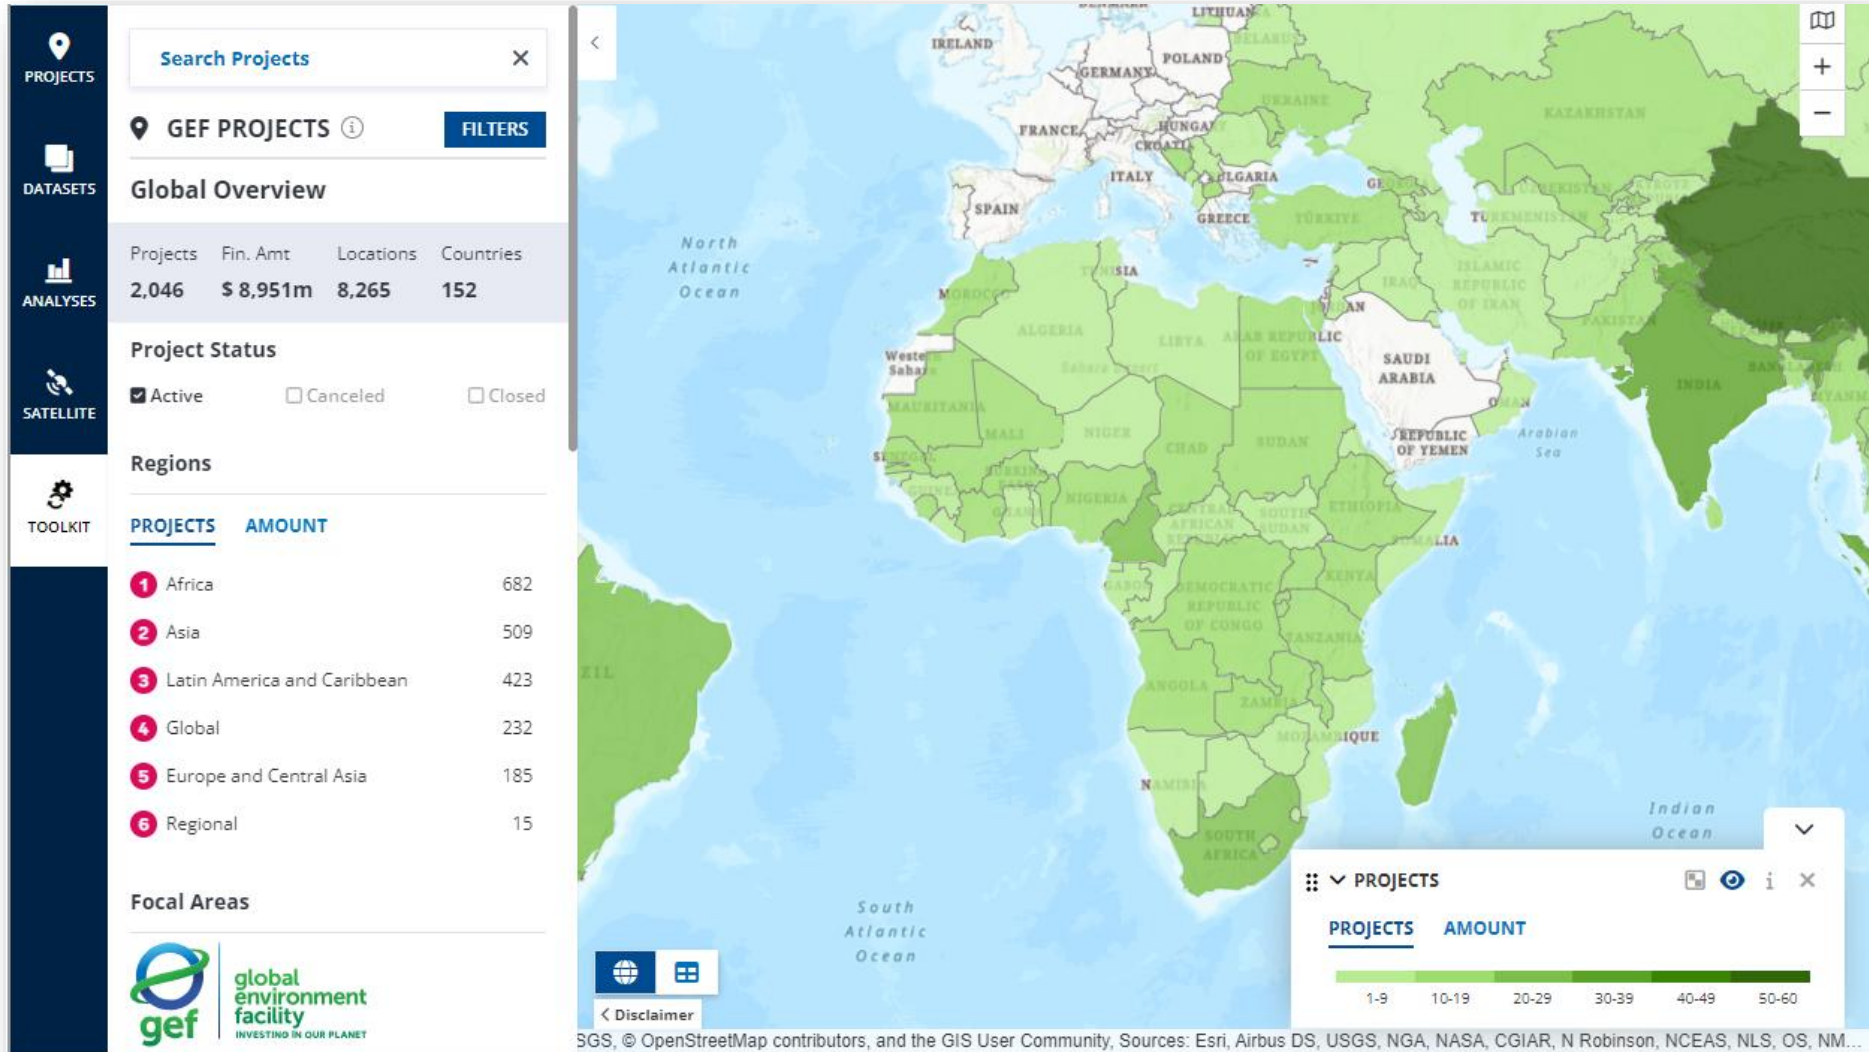

The following presents commitments made under additional focal areas, set asides and GEF-managed trust funds. Financing amounts represent the full project financing.

Type (\$m)	Approved	Allocation
Least Developed Countries Fund (LDCF)	--	--
Special Climate Change Fund (SCCF)	--	--
